(ii) Which have been approved to the Collector of Customs by special authorization from the Requirements and Supply Branch; or

(iii) Which have secured an authentic and acceptable document from the War Shipping Administration, British Ministry of War Transport, Canadian Department of Munitions and Supply, or the Soviet Government Purchasing Commission, certifying that the vessel is operating on the instant voyage in the interest of the respective agency issuing the certificate; or

(iv) Of registry of countries designated by numbers 1 to 3, 5 to 58, 60 to 67, 71 to 81, or 99 in § 802.2 (a) of this subchapter, or the Netherlands, Norway, or Poland: *Provided*, That the destination of such vessels shall be one of the aforementioned countries; of the following commodities:

(2) (i) Bunker fuel for use or consumption on board during the outgoing and any immediate return voyage, which, in the case of exportation on a vessel operating under a certificate issued by one of the agencies described in subdivision (iii) of subparagraph (1) of this paragraph, shall not exceed the amount recommended by an authorized representative of the War Shipping Administration by endorsement on said certificate.

(ii) Other ordinary ship stores, sea stores and supplies for both port requirements and use or consumption on board such vessels during the outgoing voyage and any immediate return voyage scheduled in such quantities as the Collector of Customs deems necessary and reasonable.

(iii) Equipment and spare parts intended for permanent use on such vessels when necessary for their proper operation and approved by the Collector of Customs; *Provided*: That no new marine diesel engine (Schedule B Nos. 7145.00 and 7146.00) the installation of which is to take place at dockside, may be exported under this general license except new marine diesel engines installed in shipyards under the jurisdiction of the Coordinator for Ship Repairs and Conversions, U. S. Maritime Commission.

(b) (1) A general license is hereby granted authorizing the exportation of food stores for consumption on vessels during the outgoing and any immediate scheduled return voyage. *Provided*: That:

(i) The total amount of said food stores does not exceed beyond 20 per cent, an amount equal to 6.25 pounds times the number of days of the voyage for every crew member and passenger carried by such vessels; plus a tolerance not to exceed .15 pounds per man per day, when, due to packaging, food stores cannot be split up; and

PART 1109—MICA

[Conservation Order M-101, As Amended
June 7, 1945]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of mica for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1109.1 Conservation Order M-101—

(a) **Definitions.** For the purpose of this order:

(1) "Mica" means muscovite, block and film mica of all qualities but excluding remnant mica, scrap mica or splittings used in making built-up mica;

(2) "Remnant mica" means the by-product mica obtained from fabrication of block or film mica and which is better than scrap. The term does not include film obtained from splitting block mica, or sorted from film.

(3) "Scrap mica" means mica which has no further usability for fabrication except for grinding purposes.

(4) "Fabrication" or "to fabricate" means to cut, stamp, punch or split, to predetermined shape or dimensions or to change in any manner the form, shape or size of mica, except for the purpose of making emergency repairs or emergency replacements to prevent a threatened breakdown.

(5) "Product containing mica" means a product into which fabricated mica is

assembled or inserted such as a spark plug, condenser or radio tube.

(b) **Restrictions on fabrication and causing fabrication of mica.** No person shall, without authorization from the War Production Board on Form WPB-1085 (Revised) fabricate or cause fabrication of mica (1) of a quality better than is necessary for the particular purpose for which the mica will be used; (2) for use where a substitution of other material is practicable, or (3) of a grade (size) larger than is required to yield the desired pattern. Provision (3) of this paragraph (b) shall not apply to Brazilian or other scalings. If authorization is granted it will permit the person or persons named in said Form WPB-1085 (Revised) to fabricate the mica defined and use such mica for the product described in said form.

(c) [Deleted June 7, 1945.]

(d) **Required demonstration of economic use of mica.** The War Production Board may at any time require satisfactory evidence from a fabricator of mica or a manufacturer of any product into which mica is to be assembled or inserted that a lesser quantity, a lower quality or a smaller grade (size) could not be used than the quantity, quality or grade (size) applied for, or that the use of mica is required for the particular purpose.

(e) **Release of mica from Government stockpile.** (1) Mica, grade 4 and larger, regardless of quality, will be released from Government stockpile only upon application on Form WPB-1085 (Revised) to the War Production Board by the manufacturer of the product containing the mica and the person, if any, who will fabricate the mica for such manufacturer. If the mica is released the person or persons named in the application shall fabricate the mica and use such mica for the product described in the application.

(2) To obtain release from Government stockpile of mica smaller than grade 4, the person who will fabricate the mica for a manufacturer shall submit to the War Production Board in the form of a letter a request showing the grade (size), quantity and quality of mica desired, the product in which the fabricated mica is to be assembled, and a statement to the effect that fabrication will be in accordance with the provisions of this order. If the mica is released the fabricator shall fabricate the mica described in his letter for the product named therein and in accordance with the provisions of this order.

(f) **Reports covering block and film mica.** Any person fabricating 100 pounds or more of any block or film mica in any one month, or who on the last day of any month possesses 500 pounds or more of such mica or of the value of \$500 or more,

shall file Form WPB-3464, properly filled out, on or before the 15th day of the month following.

(g) **Miscellaneous provisions — (1) Applicability of regulations.** This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(2) **Applicability of order.** In so far as any other War Production Board order may have the effect of limiting or curtailing the fabrication of mica to a greater extent than herein provided, the limitations of such order shall be observed.

(3) **Violations.** Any person who willfully violates any provision of this order or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance.

(4) **Budget Bureau approval.** The reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(5) **Communications to War Production Board.** All reports required to be filed hereunder, and all other communications concerning this order, shall, unless otherwise directed, be addressed to War Production Board, Miscellaneous Minerals Division, Washington 25, D. C., Ref: M-101.

PART 3175—REGULATIONS APPLICABLE TO THE CONTROLLED MATERIALS PLAN

[CMP Reg. 1, Interpretation 10 as Amended
June 7, 1945]

CHANGES MADE BY CUSTOMERS IN ORDERS PLACED WITH PRODUCERS

The following amended interpretation is issued with respect to CMP Reg. 1:

(a) This interpretation deals with the procedure to be followed when a customer, having placed an authorized controlled material order with a producer, wishes to make changes in that order.

(b) The general rule is that any change in a customer's order constitutes a cancellation of the earlier order and must be considered as a new order received on the date of the change, if (but only if) the change necessitates alteration of the producers' production schedule to a point which would interfere with production. For example:

(1) The mere substitution of one allotment number for another which does not require alteration of the producer's schedule is not considered to constitute the placing

of a new order. The customer must, of course, have an allotment identified by the substituted allotment number to support the change.

NOTE: Subparagraphs (2) and (3), formerly (5) and (7), redesignated; former subparagraphs (2), (3), (4), and (6) deleted, June 7, 1945.

(2) A reduction in the total amount ordered will presumably not require a change in the producer's schedule and will not constitute a new order. Of course, if the quantity is reduced below a minimum mill quantity, the producer may reject the order and remove it from his schedule, as provided in paragraph (t) (2) (i) of CMP Regulation No. 1, though he must not discriminate between customers in so doing.

(3) Where minor variations in size, shape, gauge, etc., are requested by the customer and can be arranged by the producer without interfering with his production, such changes do not constitute a new order.

(c) In no case does a change in shipping destination constitute the placing of a new order.

(d) The following changes in an order will always constitute the placing of a new order, which must be treated as though it were a new order received on the date of the change:

(1) An increase in the total amount ordered constitutes the placing of a new order to the extent of the increase.

(2) An advancement or deferment of delivery, when made by the customer, will constitute entry of a new order.

(3) When the customer directs the producer to hold or suspend production on an order, without specifying a new delivery date, the order will not be considered as on a producer's books for the purpose of determining his obligation to accept other orders. When the customer instructs the producer to reinstate a suspended order, it shall be considered a new order as of the date of such instruction.

NOTE: Paragraphs (e) and (f), formerly (c) and (d), redesignated June 7, 1945.

(e) In the case of changes which constitute a new order under this interpretation, the acceptance or rejection of the new order and its place on the producer's schedule shall be governed by conditions existing at the time the changes are received.

(f) This interpretation, as amended, supersedes Interpretation 12 of CMP Regulation No. 1 and CMPL letter 414, which are hereby revoked.

Issued this 7th day of June 1945.

Recording Secretary.

PART 3291—CONSUMERS DURABLE GOODS [Limitation Order L-6, as Amended June 7, 1945]

DOMESTIC WASHING MACHINES

Section 3291.25 *General Limitation Order L-6* is amended to read as follows:

§ 3291.25 *General Limitation Order L-6*—(a) *What this order does.* This order permits the unlimited production of domestic washing machines. It also provides a method for granting priorities

assistance to manufacturers for the production of a limited number of domestic washing machines within approved War Production Board programs. It states the conditions under which that priority assistance will be extended to manufacturers by the War Production Board.

(b) *Definition.* For the purpose of this order "domestic washing machine" means any machine which is designed for washing laundry in the home and which is powered by gasoline or electricity.

(c) *Conditions under which priorities assistance will be given.* (1) The War Production Board may give priorities assistance for the production of domestic washing machines in the form of allotments of controlled materials and preference ratings for the purchase of other materials and components. However, in addition to the production for which they have received priorities assistance, manufacturers may produce and assemble any domestic washing machines for which they are able to obtain the materials.

(2) Any person who wants priorities assistance to make domestic washing machines should file his application on Form WPB-3700 (and Form WPB-3820 when required by the instructions) with the field office of the War Production Board in which is located the plant or branch of the applicant where the domestic washing machines will be produced.

(3) Priorities assistance will be given for the production of a fixed number of domestic washing machines according to the approved War Production Board program. In giving this assistance, the War Production Board will make an equitable allocation of the total amount of materials for which it will give priorities assistance to each manufacturer. Wherever practicable, each applicant will receive a pro rata share of his productive capacity based upon his facilities and the availability of manpower. Assignment of priorities assistance will not be dependent upon any applicant's having been engaged in the production of domestic washing machines at some previous time.

(4) The War Production Board will also give priorities assistance for the production of service and repair parts for used domestic washing machines. Any person who wants such assistance should apply on Form CMP-4B according to the instructions for filing that form. No person shall use any materials which he has obtained with such assistance in the production or assembly of any new domestic washing machine.

(d) *Distribution.* So long as a manufacturer complies with all applicable orders and regulations he may distribute his domestic washing machines as he sees fit unless he is directed otherwise in writing by the War Production Board.

(e) *Reports.* Any person who commercially manufactures or assembles domestic washing machines must file with the War Production Board Form WPB-1600 according to the instructions for filing that form.

(f) *Violations.* Any person who willfully violates any provision of this order,

or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(g) *Communications.* All reports to be filed and all other communications concerning this order, should be addressed to the War Production Board, Consumers Durable Goods Division, Washington 25, D. C., Ref.: L-6.

NOTE: The reporting requirements and application forms of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

PART 3293—CHEMICALS

[General Allocation Order M-300, Schedule 48 as Amended June 7, 1945]

PYRETHRUM

§ 3293.1048 *Schedule 48 to General Allocation Order M-300*—(a) *Definitions.* (1) "Pyrethrum" means pyrethrum flowers and the powder, dust or extract derived therefrom, excluding, however, pyrethrum insecticide.

(2) "Pyrethrum insecticide" means any compound containing pyrethrum combined with other liquid or dry materials whether active or inert, which is suitable for use as an insecticide.

(b) *General restrictions.* Pyrethrum is subject to allocation under General Allocation Order M-300 as an Appendix B material. The initial allocation date is July 1, 1942, when pyrethrum was first put under allocation by Order M-179 (revoked). The allocation period is the calendar quarter and the small order exemption is one pound per person per month, for experimental purposes only.

(c) *Transition from Appendix A to Appendix B control.* For calendar months prior to July, 1945, allocation control of pyrethrum is as an Appendix A material, and for calendar quarters beginning with July-September, 1945, allocation control is as an Appendix B material. Regular and interim authorizations to deliver made on Form WPB-2946 for allocation periods prior to July, 1945 are not affected by the change to Appendix B control, but are subject to the limitations on duration of authorization under paragraph (t) of Order M-300. Regular and interim authorizations to use or accept delivery made on Form WPB-2945 for allocation periods prior to July, 1945, remain in effect with-

out limitation on duration of authorization notwithstanding paragraph (v) of Order M-300.

(d) *Suppliers' applications on WPB-2947.* Each supplier seeking authorization to use or deliver pyrethrum shall file application on Form WPB-2947. Filing date is the 15th of the month before the proposed delivery quarter. File separate sets of forms for agricultural customers and other customers. Send three copies (one certified) to the War Production Board, Chemicals Bureau, Washington 25, D. C., Ref: M-300-48. The unit of measure is pounds. An aggregate quantity may be requested, without specifying customers' names, for delivery on exempt small orders for experimental uses. Do not include in the form orders received after the 10th day of the month before the proposed allocation quarter. Fill in Table II.

(e) *Certified statements of use.* (1) Each person ordering pyrethrum from any supplier, unless ordering one pound or less for experimental purposes under the small order exemption, shall furnish with the order a statement of proposed use. The statement shall be followed by the certification "Use certified: Ref: M-300" (as prescribed in Appendix D to Order M-300). If the proposed use is for insecticide, specify the kind of insecticide in terms of insect, animal or crop, and also, in the case of agricultural insecticides, specify whether the insecticide is to be put up in small or large size package. Proposed use may also be specified in terms of any other product and end use, or as "for resale on further authorization", "for resale on exempt small orders", or "for export" (specify destination and export license or requisition number).

(2) Orders for delivery of pyrethrum during any calendar quarter must be placed with the supplier on or before the 10th day of the month before that quarter in order to be considered for regular allocation.

(f) *Agricultural use and distribution of pyrethrum insecticides.* Use of pyrethrum insecticides in agriculture and distribution of pyrethrum insecticides to agricultural consumers (which matters are not the subject of this order) are subject to any applicable orders or regulations of the War Food Administration.

(g) *Budget Bureau approval.* The above reporting requirements have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(h) *Communications to War Production Board.* Communications concerning this schedule shall be addressed to War Production Board, Chemicals Bureau, Washington 25, D. C., Ref: M-300-48.

as Amended June 7, 1945]

ROTENONE

§ 3293.1049 *Schedule 49 to General Allocation Order M-300—(a) Definitions.* (1) "Rotenone" means the active insecticidal ingredients of the roots of derris, cube, barbasco, tuba or timbo. The term includes:

(i) "Crude rotenone" in the form of root or of root which has been dried, broken, shredded, cut or chipped;

(ii) "Processed rotenone" in the form of finely ground or powdered crude rotenone; also in the form of liquid or solid extracts (or resins) obtained from crude rotenone.

(2) "Rotenone insecticide" means any compound containing rotenone combined with other liquid or dry materials, whether active or inert; provided that such compound is suitable for use as an insecticide.

(b) *General restrictions.* Rotenone is subject to allocation under General Allocation Order M-300 as an Appendix B material. The initial allocation date is January 23, 1943, when rotenone was first put under allocation by Order M-133 (revoked). The allocation period is the calendar quarter and the small order exemption per person per month is 5 lbs. in solid form or one gallon of liquid extract.

(c) *Transition from Appendix A to Appendix B control.* For calendar months prior to July, 1945, allocation control of rotenone is as an Appendix A material, and for calendar quarters beginning with July-September, 1945, allocation control is as an Appendix B material. Regular and interim authorizations to deliver made on Form WPB-2946 for allocation periods prior to July, 1945 are not affected by the change to Appendix B control, but are subject to the limitations on duration of authorization under paragraph (t) of Order M-300. Regular and interim authorizations to use or accept delivery made on Form WPB-2945 for allocation periods prior to July, 1945, remain in effect without limitation on duration of authorization notwithstanding paragraph (v) of Order M-300.

(d) *Suppliers' applications on WPB-2947.* Each supplier seeking authorization to use or deliver rotenone shall file application on Form WPB-2947. Filing date is the 15th day of the month before the proposed delivery quarter. Send three copies (one certified) to the War Production Board, Chemicals Bureau, Washington 25, D. C., Ref: M-300-49.

The unit of measure is pounds. An aggregate quantity may be requested, without specifying customers' names, for delivery on exempt small orders. Do not include in the form orders received after the 10th day of the month before the proposed allocation quarter. Fill in Table II.

(e) *Certified statements of use.* (1) Each person placing orders for delivery of more than 5 pounds in solid form (or one gallon of liquid extract) of rotenone per month in the aggregate from all suppliers, shall furnish with a purchase order a statement of proposed use. The statement shall be followed by the certification "Use certified: Ref: M-300" (as prescribed in Appendix D of Order M-300). If the proposed use is for insecticide, specify the kind of insecticide in terms of insect, animal or crop and also, in the case of agricultural insecticides, specify whether for small or large size package. Proposed use may also be specified as "pharmaceuticals", or in terms of any other specified product and end use, or as "for resale on further authorization", "for resale on exempt small orders", or "for export" (stating destination and export license or requisition number).

(2) Orders for delivery of rotenone during any calendar quarter must be placed with the supplier on or before the 10th day of the month before that quarter in order to be considered for regular allocation.

(f) *Restrictions on manufacture and processing.* (1) [Revoked June 7, 1945.]

(2) The War Production Board may from time to time issue to processors of rotenone or to manufacturers of rotenone insecticides written directions as to the content, kinds and grades of processed rotenone or of rotenone insecticides to be produced, or as to size of packages in which rotenone or rotenone insecticides may be packed.

(g) *Agricultural use and distribution of rotenone insecticides.* Use of rotenone insecticides in agriculture and distribution of rotenone insecticides to agricultural consumers (which matters are not the subject of this order) are subject to applicable orders and regulations of the War Food Administration.

(h) *Budget Bureau approval.* The above reporting requirements have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(i) *Communications to War Production Board.* Communications concerning this schedule shall be addressed to War Production Board, Chemicals Bureau, Washington 25, D. C., Ref: M-300-49.

PART 3294—IRON AND STEEL PRODUCTION
[Order M-21, Direction 1 as Amended
June 6, 1945]

**DISTRIBUTORS' ORDERS FOR HOT ROLLED OR
COLD REDUCED CARBON STEEL SHEETS OR
STRIP**

The following amended direction is issued pursuant to Order M-21:

(a) *Purpose and scope of this direction.* The tonnage of hot rolled and cold reduced carbon steel sheets and strip ordered by distributors from producers' scheduled rollings for delivery in each month of 1945 after June 30, is considerably in excess of the tonnage of such products which the War Production Board can allocate to the warehouse industry. So as to make room on mill schedules for urgent war orders which require shipment direct from producers to consumers, and to insure an equitable distribution among all distributors of the scheduled carbon steel sheet and strip tonnage available to the warehouse industry, the following direction is issued pursuant to the provisions of paragraph (f) (1) of Order M-21. The terms of this direction apply only to carbon steel sheets and strip ordered by distributors from producers' scheduled rollings, and do not apply to distributors' orders for steel sheets or strip to be filled from mill accumulations.

(b) *Limitations on distributors' orders.* (1) *Scheduled carbon steel sheets and strip.* Effective immediately, no distributor shall order hot rolled carbon steel sheets and strip for delivery to his stock from all producers' scheduled rollings during any calendar quarter following June 30, 1945, exceeding 25% of the tonnage of such material he received into his stock from all producers' scheduled rollings during the calendar year 1944. In addition, no distributor shall order cold reduced carbon steel sheets and strip for delivery to his stock from all producers' scheduled rollings during any calendar quarter following June 30, 1945, exceeding 30% of the tonnage of such material he received into his stock from all producers' scheduled rollings during the calendar year 1944. As an alternative for the above provisions of this paragraph (b) (1), a distributor may order up to but not more than a total of 60 tons of hot rolled and cold reduced carbon steel sheets and strip for delivery to his stock from all producers' scheduled rollings in any calendar quarter following June 30, 1945.

(2) *Hot rolled pickled carbon steel sheets or strip.* Within the total tonnage allowed in paragraph (b) (1), no distributor shall order any hot rolled pickled carbon steel sheets or strip for delivery to his stock from producers' scheduled rollings during any calendar quarter following June 30, 1945, exceeding whichever is the greater of 30 tons, or 12½% of the total tonnage of hot rolled pickled carbon steel sheets or strip which he received into his stock from all producers' scheduled rollings during the calendar year 1944.

(c) *Excess orders must be cancelled.* Each distributor who, prior to May 15, 1945, ordered carbon steel hot rolled or cold reduced sheets or strip to be delivered from producers' scheduled rollings after June 30, 1945, shall immediately notify each of his suppliers in writing which of the orders that he placed prior to May 15 shall remain in schedule. Any distributor who has already placed orders for hot rolled or cold reduced carbon steel sheets or strip to be delivered to his stock from producers' scheduled rollings during any calendar quarter following June 30, 1945 in excess of the amounts permitted by paragraph (b) shall cancel such excess orders, or he shall defer the delivery quarter specified on such orders to the extent necessary

for him to comply with the terms of this direction. A producer shall return to a distributor as cancelled any orders for carbon steel sheets or strip to be delivered from scheduled rollings which he accepted from the distributor prior to May 15, 1945, for production and delivery in the fourth quarter of 1945 if such orders have not been revalidated in writing by the distributor prior to June 16, 1945. A producer shall return to a distributor as cancelled any orders for carbon steel sheets or strip to be delivered from scheduled rollings which he accepted from the distributor prior to May 15, 1945 for production and delivery in the fourth quarter of 1945 if such orders have not been revalidated in writing by the distributor prior to August 1, 1945.

Issued this 6th day of June 1945.

PART 3294—IRON AND STEEL PRODUCTION
[Order M-21, Direction 4]

STEEL PRODUCTS FOR DISASTER RELIEF

The following direction is issued pursuant to Order M-21:

(a) *What this direction does.* The purpose of this direction is to set forth the procedure which has been worked out by the War Production Board with the American Red Cross to provide steel products for local relief from disasters, such as floods, tornadoes, etc., which cause considerable damage to property. It replaces Direction 4 to Order M-21-b-2.

(b) *Action to be taken by the War Production Board and the American Red Cross.* The War Production Board each quarter, through the Office of Civilian Requirements, will set aside a tonnage of steel to meet disaster relief requirements. In the event of a disaster, the American Red Cross will estimate the amount of steel products not available locally which are needed to provide relief for the community. The American Red Cross will then apply to the Office of Civilian Requirements of the War Production Board for an allotment of steel sufficient to provide the necessary relief. If the appeal is granted, the War Production Board will issue an allotment to the American Red Cross bearing the CMP symbol V-2 and a quarterly identification. The American Red Cross will then divide its allotment among distributors serving the affected area in proportion to the respective needs of each.

(c) *Action to be taken by a Steel Distributor.* Each steel distributor receiving a portion of this allotment should immediately place orders with producers or other distributors in an amount not to exceed the allotment granted him for the steel products he needs for disaster relief. Each such order placed must bear the certification authorized by CMP Regulation No. 7 and, in addition, the following:

CMP Allotment No. V-2 (and quarterly identification) for Disaster Relief Pursuant to Direction (4) to Order M-21.

Any steel products ordered pursuant to such an allotment shall be ordered by the distributor for shipment to his stock. When the steel for disaster relief has been received by a distributor, it must be sold by him to consumers in accordance with the provisions of CMP Regulation No. 4, or to other distributors as directed by the American Red

Cross. The delivery of any material which was obtained by a distributor by use of the V-2 allotment, however, may not be used by him to support a WH-Authorized Stock Replacement Order on a producer or another distributor.

(d) *Treatment of a distributor's disaster relief orders by a supplier.* A producer who receives an order for steel products from a distributor certified in the manner outlined in paragraph (c) must accept such an order for the earliest possible delivery by deferring deliveries on distributors' orders to the extent necessary. Such an order, however, must not delay deliveries on authorized controlled material orders received from persons other than distributors. A distributor who receives an order for steel products from another distributor certified in the manner outlined in paragraph (c) must accept such an order and fill it immediately from his stock if the material is available, or he must arrange for direct shipment of the order from a producer in the manner prescribed by Direction 48 to CMP Regulation No. 1.

Issued this 7th day of June 1945.

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 481 is hereby amended in the following respects:

1. Section 4 (b) is hereby amended by adding an undesignated paragraph immediately after the first paragraph to read as follows:

A warehouseman who had no such mark-up in March 1942 may apply in writing to the Office of Price Administration, Washington 25, D. C., setting

forth the nature of his business operations including such facts as the classes of customers to which he sells, a description of the items to be sold, the requested mark-up and the names and addresses or his nearest competitors. The Administrator will by order establish a mark-up for the applicant based on the mark-ups used by his competitors.

2. Section 5 is amended by adding a new paragraph (d) to read as follows:

(d) *Sales by new sellers other than manufacturers.* A warehouseman, dealer or merchant who did not sell slack cooperage covered by this regulation in March 1942 may make application in writing to the Office of Price Administration, Washington 25, D. C. setting forth the nature of his business operations, including such facts as the classes of customers to which he sells, a description of the items to be sold, the requested mark-up and the names and addresses of his nearest competitors. The Administrator will by order establish a mark-up for the applicant based on the mark-ups used by his competitors.

3. Section 11 is hereby amended with appropriate correction in the contents to read as follows:

Buyers must keep similar records, including the name and address of the seller. These records must be kept for two years or for the duration of the Emergency Price Control Act of 1942, as amended, whichever period is the shorter, for inspection by the Office of Price Administration.

C. a report showing the types of slack cooperage or slack cooperage stock handled and his weighted average percentage mark-up on sales of slack cooperage or slack cooperage stock in March 1942 within thirty days after June 12, 1945.

Any dealer, merchant or warehouseman operating under this regulation who fails to file his mark-up as required above may not use such mark-up during the period of non-compliance.

AUTHORITY: § 1441.3 issued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

SECTION 1. Definitions. (a) When used in this regulation the term:

(1) "Imported vegetable tanning materials" means imported vegetable tanning extracts and the domestically ground, powdered or liquefied materials (except blends) processed therefrom and from wattle bark; also all imported raw vegetable tanning materials.

(2) "Basis ---- per cent tannin" means the percentage of tannin content of any imported vegetable tanning material upon which the maximum price per pound of each lot is calculated.

(3) "Guaranteed ---- per cent tannin" means the minimum percentage of tannin content of any imported vegetable tanning material in specific lots as guaranteed by the shipper.

(4) "Importer" means any person in the United States:

(i) Who purchases imported vegetable tanning materials directly from a foreign seller whose place of business is located outside the United States; or

(ii) Who acts as selling agent of such foreign seller; or

(iii) Who imports vegetable tanning materials of his own manufacture for sale in the United States.

(5) "Grinders and liquefiers" means persons who buy or receive imported vegetable tanning materials and convert same into ground, powdered or liquid extracts.

(6) "Distributor" means any person who buys or receives imported vegetable tanning materials from importers, grinders or liquefiers for the purpose of resale without altering the form of the material.

(7) "Original package" means the following for the commodities mentioned below:

(i) Solid quebracho or urunday extract, bags of approximately 106 pounds.

(ii) Solid wattle extract, bags of approximately 112 pounds.

(iii) Ground or powdered quebracho or urunday extract, bags of 100 pounds.

(iv) Ground or powdered wattle extract, bags of 100 pounds.

(v) Liquid extract, barrels of 500 to 550 pounds.

(8) "Carload" of any imported vegetable tanning material means a car containing a minimum of 36,000 pounds per car.

(9) "Tank car" of liquid extract means a tank car containing at least six thousand gallons.

(10) "Tank truck" of liquid extract means a tank truck containing at least 10,000 pounds.

(11) "Total insurance" means both marine risk and war risk insurance. Marine risk insurance includes marine extension clause, and covers strikes, riots and civil commotions. War risk insurance includes extended transshipment coverage, but the premium shall not exceed the premium at current commercial rates based on no more than 105 percent of actual out-of-pocket cost. As used herein, actual out-of-pocket cost means the actual amount paid or payable to the foreign seller for the tanning material, less all discounts, plus freight to port of entry, plus premiums paid or payable for marine and war risk insurance.

(12) "United States" means the forty-eight states of the United States and the District of Columbia.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

SEC. 2. Prohibition against purchases and sales of imported vegetable tanning materials at higher than maximum prices. Regardless of any contract, agreement, lease, or other obligation:

(a) No person in the United States who deals directly with a foreign seller or with his selling agent, shall buy or receive any imported vegetable tanning material in the course of trade or business at higher prices than the maximum prices established under this regulation for sales by importers.

(b) No person shall sell, deliver, or transfer any imported vegetable tanning materials at higher prices than the maximum prices established under this regulation.

(c) No person shall buy or receive any such imported vegetable tanning materials in the course of trade or business at higher prices than the maximum prices established under this regulation.

(d) No person shall agree, offer, solicit, or attempt to do any of the foregoing.

SEC. 3. Less than maximum prices. Prices lower than the maximum prices prescribed herein may be charged and paid.

SEC. 4. Adjustable pricing. Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given by order.

SEC. 5. Relationship of this regulation to the General Maximum Price Regulation and the Maximum Import Price Regulation. The provisions of this regulation supersede the provisions of the General Maximum Price Regulation and the Maximum Import Price Regulation, and their amendments, with respect to sales and deliveries of imported vegetable tanning materials for which maximum prices are established by this regulation.

SEC. 6. Geographical applicability. The provisions of this regulation shall be applicable to the forty-eight states of the United States and the District of Columbia.

SEC. 7. *Maximum prices for imported vegetable tanning materials.* The maximum prices established under this regulation for each seller of imported vegetable tanning materials shall be subject to the same discounts, credit terms, freight allowances, and all other deductions and trade practices as prevailed on his sales of such materials during the month of March 1942.

(a) *Adjustment of maximum prices.* The maximum prices for imported vegetable tanning materials set out in Appendices A and B of this regulation shall be subject to the following adjustments:

(1) *Less than original packages.* For sales of quebracho, urunday or wattle extract in lots totalling less than the quantity in an original package, the following may be added to the maximum prices for sales in the smallest quantity listed in Appendix B:

(i) 25 pounds or more, but less than an original package—3 cents per pound.

(ii) Less than 25 pounds—10 cents per pound.

(2) *Variations in basic tannin content.* The maximum prices designated in the schedules for commodities "basis per cent tannin" shall be adjusted up or down in proportion to variations in actual tannin content from that base as determined in accordance with sampling and analysis methods approved by the American Leather Chemists' Association.

(3) *Variations in guaranteed tannin content.* The maximum prices designated in the schedules for commodities guaranteed to contain a given percentage of tannin shall be adjusted downward in proportion to variations in actual tannin content as determined by sampling and analysis methods approved by the American Leather Chemists' Association. No additional charge shall be made for any percentage or fraction thereof of tannin content found in excess of the guaranteed minimum percentage.

(4) *Sales by importers of material landed off the Atlantic seaboard.* In the case of sales ex warehouse by importers of material landed at ports off the Atlantic seaboard and at which no warehouse is normally maintained, the seller may add to the maximum prices designated in Appendix A or established under section 7 (b) the actual freight charges (not in excess of applicable tariffs) from dock to warehouse. Such additional charge and the method of calculating same, shall be shown separately on the invoice and a copy thereof furnished the Office of Price Administration on request.

(5) *Sales by liquefiers and grinders of material received from abnormally distant ports.* (i) In the event of sales by a grinder or liquefier of extract produced from solid quebracho, urunday or wattle extract or wattle bark landed at a port from which such producer received less than 25% of his shipments in the six months period immediately preceding April 1, 1944 (hereinafter called "abnormal port"), he may add to the maximum prices established by Appendix B or under section 7 (b) hereof the normal per pound finished extract equivalent of the amount by which the actual freight

charge to his plant from such port per pound of solid quebracho, urunday or wattle extract or wattle bark exceeds the actual freight charge per pound to his plant from the port supplying the bulk of his supplies during such period.

(ii) *Provided, however,* That at the option of the seller the maximum prices for the sale of his entire production of ground, powdered or liquid extract (or either of them) may, under the circumstances described above, be computed as follows: The seller shall from time to time charge against his running inventories of solid quebracho, urunday and wattle extracts and wattle bark the average cost per pound of excess freight into his plant from abnormal ports. He may add the normal per pound finished extract equivalent of such average cost to

the maximum prices established by Appendix B or under section 7 (b) hereof. (In the illustration shown below, the "permissible addition to maximum price" listed in the last column is the "average excess freight per pound" of raw material inventory at time of sale converted to the seller's normal yield of finished extract per pound of raw material. For purposes of this example, it is assumed that liquid quebracho extract is the subject of the two sales shown below and that one pound of solid quebracho extract makes two pounds of liquid quebracho extract. Therefore, the permissible addition to the maximum price for the commodity in question is one-half of the average excess freight per pound of raw material on hand at the time of sale.)

Purchases (tons)	Excess freight	Sales in pounds of raw material consumed	Inventory in pounds	Accrued excess freight	Average excess freight per pound of raw material consumed	Permissible addition to maximum price per pound of finished extract sold
100.....	None	-----	200,000	\$700	\$0.0035	-----
			400,000	700	.00175	-----

		200,000	-----	Deduct 420	-----	\$0.00105
			300,000	630	.0021	-----

		600,000	-----	Deduct 1,920	-----	.0016
			100,000	310	.0031	-----

(iii) Regardless of which of the methods outlined in (i) and (ii) above is used the amount of such additional charge shall be invoiced separately or shown separately on the invoice and the records on the basis of which such charge was calculated shall be kept for inspection by the Office of Price Administration on request.

(6) *Solid quebracho or urunday extract shipped from River Plate ports other than Buenos Aires.* In the case of sales to industrial users of solid quebracho or urunday extract (or of ground, powdered or liquid extract manufactured therefrom) which was loaded on an ocean-going vessel at a River Plate port other than Buenos Aires for shipment to Atlantic ports in the United States, the importers' maximum prices, and liquefiers' and grinders' maximum prices established by this regulation, may be increased by the amount by which the actual freight charges involved in delivering the material to such River Plate port exceeds the actual freight charges which would have been incurred if the material had been delivered to Buenos Aires: *Provided, however,* That (except where shipments are diverted by government order) in the case of importers' sales, such additional charges may in no event exceed the difference in inland freight to the industrial buyers' plant from New Orleans and the actual Atlantic Coast port of arrival, and in the case of sales by liquefiers and grinders, such additional charge, which may be averaged out substantially in accordance with the method outlined in section 7 (a) (5) (ii) above, may in no event exceed the addition permitted therein for material landed at the abnormal port of New Orleans.

The amount of such additional charge shall be invoiced separately or shown separately on the invoice and the records on the basis of which such charge was calculated shall be kept for inspection by the Office of Price Administration on request.

(b) *Maximum prices for sales for which no maximum prices are established by the appendices hereto.* Maximum prices for sales by distributors of all commodities subject to this regulation and for sales by all sellers of grades or types of imported vegetable tanning materials for which no maximum prices are specified in Appendices A or B (or shipped from points not designated therein), shall be the maximum prices authorized by the Office of Price Administration in response to an application therefor filed by the seller and in line with the level of maximum prices established by this regulation.

Applications for the establishment of such maximum prices shall be submitted by registered mail to the Rubber, Chemicals and Drugs Price Branch, Office of Price Administration, Washington, D. C., prior to sale, and shall be accompanied by a description of the particular imported vegetable tanning material and the nature of the transaction involved, the seller's maximum price under the General Maximum Price Regulation or the Maximum Import Price Regulation, the current selling price and the maximum price proposed. Sales may be made at such proposed price after the date of mailing such application subject, however, to approval by the Price Administrator. If, at the expiration of 20 days from the date of receipt thereof, the Office of Price Administration has not in writing disapproved or modified the pro-

posed maximum price, such proposed price, shall be considered as authorized.

Maximum prices established under this paragraph (b) prior to February 1, 1945, may be increased by the following amounts per 100 pounds:

Solid quebracho extract.....	\$0.83
Ground or powdered clarified quebracho extract, basis 70% tannin.....	.90
Ground or powdered quebracho extract, no tannin basis (for oil well drilling purposes).....	.83
Liquid quebracho extract, basis 35% tannin.....	.45
Spray-dried clarified quebracho extract, basis 70% tannin.....	.90

SEC. 8. Records and reports. (a) Every person making sales or purchases in the course of trade or business of imported vegetable tanning materials after May 12, 1944, shall keep for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942 remains in effect, complete and accurate records of each purchase or sale, showing the date thereof, the name and address of the buyer and the seller, the price contracted for or received, the quantity of each type and grade of such imported vegetable tanning material purchased or sold, the commissions, if any, paid with respect thereto, and the names and addresses of the persons to whom such commissions were paid.

(b) Such persons shall keep such other records and shall submit such other reports to the Office of Price Administration in addition to or in place of the records required in paragraph (a) of this section or the reports mentioned in section 7 hereof as the Office of Price Administration may from time to time require.

SEC. 9. Evasion. Price limitations set forth in this regulation shall not be evaded, whether by direct or indirect methods, in connection with any offer, solicitation, agreement, sale, delivery, purchase or receipt of, or relating to imported vegetable tanning materials, alone or in conjunction with any other commodity, or by way of commission, service, transportation, or other charge, discount, premium, or other privilege, or other trade understanding, or otherwise.

If a buyer purchases through a broker, finder or other agent acting for the buyer, the sum of the price paid by the buyer to the seller plus the commission fee or other charge or consideration paid by the buyer to his broker, finder or other agent may not exceed the maximum prices established by this regulation.

SEC. 10. Enforcement. Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages provided for by the Emergency Price Control Act of 1942.

SEC. 11. Licensing. The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license of one or more applicable price schedules or

regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 12. Petitions for amendment. Any person seeking an amendment to any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.

TITLE 38—PENSIONS, BONUSES AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 35—VETERANS' REGULATIONS

FORFEITURE OF RIGHTS AND ADJUSTMENT OF AWARDS

Instruction No. 1-A, sections 4 and 5, Public No. 144, 78th Congress (act of July 13, 1943). Forfeiture of rights and adjustment of awards under sections 4 and 5, Public No. 144, 78th Congress.

Paragraph 3, Instruction No. 1, Sections 4 and 5, Public No. 144, 78th Congress (F. R. Doc. 43-20376) is hereby canceled and superseded by the following:

3. Section 5, Public No. 144, 78th Congress, is for application in conjunction with the

provisions of Public No. 828, 76th Congress, as amended by Public No. 783, 77th Congress. Accordingly, deposits into the Special Deposit Account of Miscellaneous Receipts will be continued only in the case of citizens. In cases of non-citizens located in the territory of or under military control of an enemy of the United States or of any of its allies, payments will be stopped effective as of the date prior to date of approval of Public No. 144, 78th Congress. Before the release of funds in the Special Deposit Account or payments of benefits, otherwise in order, may be made in favor of any person who has been located in the territory of or under military control of an enemy of the United States or of any of its allies, a new claim will be required and a prima facie showing made, that the applicant has not been guilty of any of the offenses enumerated in section 4, Public No. 144, 78th Congress. Upon receipt of such claim, the matter will be referred to the chief, claims division, veterans claims service, if disability benefits are involved, or the chief, adjudication division, dependents claims service, if death benefits are involved, for adjudication and certification to the chief, payees accounts division, finance service, central office, as follows:

(a) For the purpose of effecting discontinuance of payments to non-citizens, the finance service will furnish the chief, claims division, veterans claims service, and the chief, adjudication division, dependents claims service, transcripts respectively of disabled veterans and beneficiaries of deceased veterans located in the territory of or under the military control of an enemy of the United States or any of its allies. These cases will be called for review and if the evidence of record does not establish that the veteran or other beneficiary is a citizen of the United States, a stop payment notice will be completed effective July 12, 1943. If the evidence of record shows the claimant is a citizen of the United States, the effective award will be continued if otherwise in order. No action will be taken to secure evidence of citizenship in cases where payment is stopped until claim is filed for resumption of payments as provided above. If evidence secured through the Department of State or otherwise confirms the fact that the claimant is a citizen of the United States, the stop payment will be canceled by appropriate awards action.

(b) If the evidence indicates claimant is guilty of any of the offenses enumerated in section 4, Public No. 144, 78th Congress, the case will be referred to the central committee on waivers and forfeitures, as provided in paragraph 2. The citizen shown by evidence satisfactory to the Administrator to be guilty of any of the offenses specified in section 4, Public No. 144, 78th Congress, forfeits as of the date of commission of the offense or the date of Public No. 144, 78th Congress, whichever is later, all future benefits, and all accrued benefits, including amounts theretofore paid into the fund created by Public No. 828, 76th Congress. Membership in the Fascist or Nazi Party or holding office under the Fascist or Nazi regime (at any time from and after December 7, 1941) will be considered prima facie evidence of guilt under section 4, Public No. 144, 78th Congress.

(c) If the evidence shows that claimant is not a citizen of the United States and does not show him guilty of any of the offenses enumerated in section 4, Public No. 144, 78th Congress, the award, if otherwise in order shall be reopened effective as of the date of receipt of claim, as required by section 5, Public No. 144, 78th Congress, or other effective law or regulation, as amended, whichever is the later date. If claimant is still in a country specified by Public No. 828, 76th Congress, checks will be disposed of under that Act, as amended, unless and until the Secretary of the Treasury determines that conditions are such as to reasonably assure that the beneficiary will actually re-

ceive and be able to negotiate them for full value.

(d) Upon receipt of a claim from a citizen of the United States who has been living in the territory of or under the military control of an enemy of the United States or of any of its allies, evidence will be secured to show whether he has been guilty of any of the offenses enumerated in section 4. If claimant is still in a country specified by Public No. 828, 76th Congress, as amended, checks will be disposed of under that Act, as amended, unless and until the Secretary of the Treasury determines that conditions are such as to reasonably assure that the beneficiary will actually receive and be able to negotiate them for full value.

(e) New claims as well as reopened claims are subject to section 4, Public No. 144, 78th Congress, and the usual showing as to innocence of the offenses specified therein is required from citizens or non-citizens who have been living in the territory of or under the military control of an enemy of the United States or any of its allies. If claimant is still in a country specified by Public No. 828, 76th Congress, as amended, checks will be disposed of as heretofore provided.

(f) Where there is involved the matter of release of amounts within the purview of Public No. 828, 76th Congress, as amended, for example, where a citizen in whose case no award action is required is determined to be not guilty of one of the offenses specified in section 4, and where a current award is approved in a case affected by this instruction and Public No. 828, 76th Congress, as amended, a certification by memorandum to the chief, payees accounts division, finance service, as to entitlement of the payee to the amount in question will be prepared by the chief, claims division, veterans claims service, or the chief, adjudication division, dependents claims service, in cases involving disability and death benefits respectively.

36.247 Right of election of retirement or retainer pay or pension.

AUTHORITY: §§ 36.245 to 36.247, inclusive, issued under 58 Stat. 284; 38 U.S.C. 693.

§ 36.245 *Preparation of awards.* Where an officer or member of the enlisted personnel of the Army, Navy, Marine Corps, or Coast Guard in receipt of retirement or retainer pay because of disability makes application for education or training under Veterans Regulation No. 1 (a), Part VIII, including a claim for subsistence allowance, and enters upon a course of education or training, Form 1907c will be referred to the

adjudication division, regional office, or the claims division, central office.

§ 36.246 *Determination of amount of retirement or retainer pay and subsistence allowance.* The adjudication division, regional office, or claims division, central office, will promptly secure the service and medical records, if not already of record, from the respective Service Departments, including the amount of retirement or retainer pay if this information is not available, and upon receipt of the records refer the case to the rating board or central disability board for a determination as to the existence of a vocational handicap. If this determination is in the affirmative, Form 1900 will be sent to the veteran and an award of subsistence allowance prepared effective as of the date the veteran entered training in an amount which, when added to the retirement or retainer pay, will not exceed the amount to which the veteran would be entitled under § 35.017 of this chapter. If the determination is in the negative the veteran is entitled to the full amount of retirement or retainer pay and subsistence allowance.

If a veteran who has been found to have a vocational handicap files Form 1900 and determination is made that he is not in need of vocational rehabilitation to overcome the handicap of his disability, the full amount of subsistence allowance will be awarded from the date of receipt of application for benefits under Veterans Regulation No. 1 (a), Part VIII, formal or informal, or date of entrance into training, whichever is later.

115.149	Regulations a part of each lease.

AUTHORITY: §§ 115.128 to 115.149, inclusive, issued under sec. 4, 50 Stat. 875.

§ 115.128 *Statutory authority.* Section 4 of the Act of August 28, 1937 (50 Stat. 875) authorizes the Secretary of the Interior in his discretion to lease for grazing purposes any revested Oregon & California Railroad and reconveyed Coos Bay Wagon Road grant lands, in the State of Oregon, which may be so used without interfering with the production of timber or other purposes specified in section 1 of the act, and to formulate rules and regulations for the use, protection, improvement and rehabilitation of such grazing lands.

§ 115.129 *Policy.* Since the statutory authority for grazing on these lands subordinates such use to the primary purposes of the act, namely, to provide a permanent source of timber supply by managing the lands in conformity with the sustained yield principle, protect watersheds, regulate streamflow, and contribute to the economic stability of local communities and industries, no lease will be issued unless the Chief Forester, Oregon and California Revested Lands Administration, hereinafter referred to as the Chief Forester, who is charged with the administration of grazing on such lands under the supervision of the Commissioner of the General Land Office, determines that grazing on the lands to be included in the lease will not interfere with the production of timber or any of the other purposes of the act.

§ 115.130 *Establishment of units.* Where practicable and desirable for the purpose of conservation and effective management of the grazing resources, the Chief Forester may divide the grant land range area into range units.

§ 115.131 *Grazing leases.* When a range unit has been established and the carrying capacity determined, grazing privileges may be granted by the Chief Forester through the medium of grazing leases, not to exceed ten year's duration or for such lesser periods as may be determined by him. He may also issue such leases for grant lands outside of established units. A lease may also be issued to two or more persons who may wish to graze their stock in common.

§ 115.132 *Preference right.* Applicants actually engaged in the livestock business who are owners, homesteaders, lessees or other lawful occupants of privately owned lands contiguous to the grant lands applied for shall have a preference right to lease so much of the grant lands as may be necessary to permit proper use of the privately owned or controlled lands.

Lands suitable for grazing purposes for which there is no demand from qualified local stockowners may be leased to qualified stockowners from other localities.

§ 115.133 *Grazing of livestock kept for domestic use.* Milk and work stock owned and used by settlers or prospectors and not exceeding ten head in number may graze on the grant lands without payment of fees, when permitted in writing by the Chief Forester and under such conditions as he may prescribe.

§ 115.134 *Crossing permits.* The Chief Forester may permit the transit of stock on established stock driveways or thoroughfares on such grant lands free of charge. He or his agent may grant, under such conditions and restrictions as are necessary, permission to cross allotments of other lessees, areas closed to grazing, or unleased grant lands and such permission must be obtained before such crossing occurs. In the event any damage is caused to the range, the Chief Forester will collect reasonable charges therefor.

§ 115.135 *Application.* All applications for grazing leases must be filed in duplicate with the Chief Forester, Portland, Oregon, or with officers in charge of the district offices of the Administration. Application forms may be obtained from the offices referred to and only the original thereof need be sworn to. The application, Form 4-986, is attached to and made a part hereof.

§ 115.136 *Rights under an application.* The filing of an application for a grazing lease will not create any right in the applicant to the use of the grant lands for grazing purposes. No right will be obtained until the lease is duly executed by the Chief Forester.

§ 115.137 *Action upon application.* When an application is received in the Chief Forester's office, it will be identified by a number preceded by the letters G. L. A. which will identify it as a grazing lease application. In acting upon the application, the Chief Forester will make a determination as to the grant lands which in his opinion the applicant is entitled to lease. In making such a determination, consideration will be given to the information furnished in the application together with other available information. Where two or more persons apply for the same lands, consideration will be given to the ownership and control of base lands, the need for additional grazing lands and to the grazing operations of the individuals involved. Conflicting applicants will be afforded an opportunity to agree to the division of the lands involved, and if an acceptable adjustment cannot be made by the conflicting parties, the Chief Forester will make the determination on the basis of all facts and award the lease.

§ 115.138 *Offer of lease.* When determinations have been made as to the grant lands to be awarded and the rental to be charged therefor, the Chief Forester will prepare and forward to the applicant by registered mail, a lease, in quadruplicate, advising the applicant

that he will be allowed 15 days from receipt thereof within which to sign the four copies of the proposed lease and to return them to the Chief Forester together with the amount due as the first year's rental.

§ 115.139 *Execution of lease.* If within the time allowed, the applicant returns the lease forms properly signed, together with the first year's rental, the Chief Forester will date and sign the four copies and make appropriate notations on the records of his office.

§ 115.140 *Rental.* Each lessee of grant lands for grazing purposes shall pay to the Chief Forester a fair annual rental, which will be determined by that officer. The charges will be consistent with those made for grazing privileges on State, Federal, and privately owned lands of similar character in the same general locality. The rental for the second and subsequent years must be paid each year on or before the anniversary date of the lease. The rental may be adjusted at the end of the third year and at the end of each three-year period thereafter.

§ 115.141 *Grazing of lands under lease.* The grazing lease will be issued on Form 4-987, attached hereto, and will be subject to all conditions stated in the form and others which may be added thereto by the Chief Forester prior to its execution. All lessees will be required to graze their livestock in accordance with approved grazing practices for the region, as determined by the Chief Forester.

§ 115.142 *Leased lands subject to disposal.* Land embraced in a grazing lease shall be subject to disposal by homestead entry, sale or any other manner provided by applicable laws in the event it is determined by the Secretary of the Interior that the land is more suitable for disposal than for afforestation, reforestation, streamflow protection, recreation, or other public purposes. However, before the allowance of an entry, evidence must be furnished that the applicant has agreed to compensate the lessee for any grazing improvements placed upon the land under authority of the lease and for any special injury due to the adjustment of the lessee's business as a result of the entry but such special injury shall not be recognized as continuing for a period of more than one year. If the interested parties are unable to reach an agreement as to the amount of such compensation, the amount shall be fixed by the Chief Forester subject to the right of appeal to the Commissioner, General Land Office. All such agreements, to be effective, must be approved by the Chief Forester. The failure of the applicant to pay the lessee in accordance with the agreement shall be just cause for cancellation of the entry, selection or location. All subsequent annual rental charges will be proportionately reduced for the loss of the lands from the leasehold. Any agency of the Federal Government which needs any part or all of the leased land for a governmental use other than one described in subsection 2 (c) of the lease and requests a permit, withdrawal,

reservation, lease or patent shall be considered a preferred applicant within the meaning of this section.

§ 115.143 *Assignments.* Proposed assignments of a lease, in whole or in part, must be submitted to the Chief Forester for approval; must be accompanied by the same showing by the assignee as is required of applicants for a lease; and must be supported by a showing that the assignee agrees to be bound by the provisions of the lease. No assignment will be recognized unless and until approved by the Chief Forester.

§ 115.144 *Renewal of lease.* A lessee who desires to renew the lease should file a petition therefor, identifying the lease and setting forth wherein any change has taken place since the original application for lease was filed.

§ 115.145 *Causes for cancellation of lease.* A lease may be canceled by the Chief Forester for any of the following reasons:

(a) If the lessee permits the lands to be overgrazed or uses the lands in any manner which causes range deterioration, soil erosion, or for any purposes detrimental to the lands or the livestock industry.

(b) If the lessee uses the leased premises, or any part thereof, for any purpose foreign to grazing or in violation of any terms of the lease.

(c) If the lessee shall fail to pay the annual rental, or any part thereof.

(d) If the lessee shall fail to comply with the regulations or the terms of the lease.

(e) If a preference-right lessee fails to retain ownership or control of the lands tendered as a basis for such preference right.

(f) If the lessee assigns or subleases all or any part of the leased area without obtaining the approval of the Chief Forester.

§ 115.146 *Timber and other uses of land.* A lease issued for grazing purposes will not entitle the lessee to cut and remove timber from the land, or to take any other asset therefrom, or to use such land for purposes other than grazing. In order to obtain such rights or privileges, the lessee must make application therefor in accordance with the governing laws and regulations.

§ 115.147 *Protests and appeals.* Protests or other objections filed against applications for grazing leases or requests for crossing permits will be considered and settled by the Chief Forester. A party aggrieved by any action of the Chief Forester may appeal to the Commissioner of the General Land Office and the Secretary of the Interior pursuant to the rules of practice, 43 CFR, Part 221.

§ 115.148 *Trespass.* The unauthorized grazing upon or driving across any grant lands of any livestock will be considered as a trespass upon such lands and will render the owners of the stock liable to the United States for such trespass. The unlawful cutting or removal of timber or other asset, or the unlawful use of the land by the lessee will also

constitute a trespass for which the person responsible will be held liable.

LEASE OF LANDS FOR GRAZING LIVESTOCK

Serial _____

This indenture of lease, entered into as of _____ by and between the United States of America, hereinafter called the lessor, by the Chief Forester, Oregon and California Revested Lands Administration, and _____

(Name of applicant)

of _____, hereinafter called the lessee, pursuant and subject to the terms and provisions of section 4 of the act of Congress approved August 28, 1937 (50 Stat. 875).

Witnesseth: That the lessor, in consideration of the rents to be paid and the covenants to be observed, does hereby grant and lease to the lessee the exclusive right and privilege of using for grazing purposes the following-described land _____ acres, containing approximately _____ acres, for a period of _____ years.

Section 1. In consideration of the foregoing, the lessee hereby agrees to:

(a) Pay the lessor as annual rental the sum of \$ _____, in advance. The rental may be adjusted at the end of the third year and at the end of each three-year period thereafter.

(b) Use the lands in a manner that will not cause overgrazing, range deterioration, or soil erosion, or be detrimental to the lands or the livestock industry.

(c) Observe the laws and regulations for the protection of game animals, game birds, and non-game birds, and not unnecessarily disturb such animals or birds.

(d) Comply with the provisions of the laws of the State with respect to the cost and maintenance of partition fences.

No. 114—3

(e) Allow authorized representatives of the Department of the Interior at any time to enter the leased premises for the purpose of inspection, and allow Federal agents, including game wardens, at all times to enter the leased area on official business.

(f) Take all reasonable precautions to prevent and suppress forest, brush, and grass fires.

(g) Comply with all Federal and local laws regarding sanitation and take such other sanitary measures as may be necessary.

(h) Use no part of the leased premises for any purpose foreign to grazing.

(i) Retain ownership or control of any lands that have been recognized as the basis for a preference right.

Section 2. The lessor expressly reserves the right to:

(a) Permit prospecting, locating, developing, mining, entering, leasing, or patenting the mineral resources, the disposition of such resources under any laws applicable thereto, and permit the use and disposition of timber on the lands embraced in this lease, under existing laws and regulations.

(b) Close portions of the leased area to grazing whenever, because of drought, epidemic or disease, incorrect handling of the stock, overgrazing, fire, or other cause, such action is deemed necessary to restore the range to its normal condition. However, such temporary closing of any area shall not operate to exclude such area from the boundaries of the lease.

(c) Reduce the leased area if it is excessive for the number of stock owned by the lessee, or if it is determined that such area is required for the protection of camping places, sources of water supply to communities, stock driveways, roads and trails, town sites, mining claims, and for feeding grounds near villages for the use of draft animals or near the slaughtering or shipping points for use of stock to be marketed. However, a proportionate reduction will be made in the annual rental charges.

(d) Dispose of by homestead entry, sale, or any other manner provided by applicable laws, any of such leased land, which, in the judgment of the Secretary of the Interior, is more suitable for disposal than afforestation, reforestation, streamflow protection, recreation, or other public purposes: *Provided*, That before the allowance of any application therefor the applicant shall agree, subject to the approval of the Chief Forester, to compensate the lessee in accordance with the regulations, 43 CFR 115.142. Any agency of the Federal Government which needs any part or all of the leased land for a governmental use other than one described in subsection 2 (c) and requests a permit, withdrawal, reservation, lease or patent shall be considered an applicant within the meaning of this subsection.

Section 3. It is further understood and agreed that:

(a) This lease is granted subject to valid existing rights and to all present and future rules and regulations of the Secretary of the Interior. Nothing herein contained shall restrict the acquisition, granting, or use of permits or rights-of-way under existing law.

(b) That the lessee shall not sell or remove for use elsewhere any timber growing on the leased land without specific authorization in advance by the Chief Forester. Such authority may be granted only for the erection and maintenance of improvements required in the operation of this lease.

(c) The lessee may construct, or maintain and utilize any fence, building, corral, reservoir, well, or other improvements needed for the exercise of the grazing privileges of this lease, but any such fence shall be so constructed as to permit ingress and egress for miners, prospectors for minerals, and other persons entitled to enter such area for lawful purposes.

(d) Upon cancellation of this lease for any reason or upon termination thereof, the

Chief Forester may, in his discretion and upon a written petition filed by the lessee within 30 days from date of the cancellation or termination, require a subsequent lessee, prior to the execution of a new lease, to reimburse the former lessee a reasonable amount for any grazing improvements of a permanent nature that may have been placed upon the leased lands during the period of the lease. The decision of the Chief Forester will be subject to the right of appeal to the Commissioner of the General Land Office. As to any improvements not disposed of in the manner set forth above, the lessee will be allowed three months from the date of cancellation or termination of the lease within which to remove such improvements, but, if not removed or other disposition made within the said period, such improvements shall become the property of the United States.

(e) If the lessee shall default in the performance or observance of any of the terms, covenants, and stipulations hereof or of the general regulations now or hereafter in force, and such default shall continue 60 days after service of written notice thereof by the lessor, then the lessor may terminate and cancel this lease.

(f) The lessee shall not assign this lease or any interest therein, nor sublet any portion of the leased premises without the written consent of the Chief Forester.

(g) The leased lands shall be subject to entry for hunting and fishing by any person under applicable State or Federal hunting and fishing laws and regulations, but in any event the Chief Forester may prohibit or restrict or he may authorize the lessee to prohibit or restrict hunting or fishing on such parts of the leasehold and for such periods as he may determine to be necessary in order to prevent any substantial interference with the purpose for which the lands are leased, that is, grazing.

(h) The lessee may, on consent of the Chief Forester, first had and obtained, surrender and terminate this lease or any legal subdivision of the area included within the lease; *Provided*, All rental payments due have been made.

(i) No Member of or Delegate to Congress, or Resident Commissioner, after his election or appointment, or either before or after he has qualified, and during his continuance in office, and no officer, agent or employee of the Department of the Interior, other than members of the district advisory boards, appointed in accordance with section 18 of the Taylor Grazing Act, which was added by the act of July 14, 1939 (53 Stat. 1002, 43 U.S.C., sec. 3150-1) shall be admitted to any share or part in this lease, or derive any benefit that may arise therefrom, and that the provisions of section 3741 of the Revised Statutes and sections 114, 115, and 116 of the Criminal Code, approved March 4, 1909 (35 Stat. 1109, 18 U.S.C., sec. 204), relating to contracts, enter into and form a part of this lease so far as the same may be applicable.

[Charlotte Order G-2 Under Gen. Order 50]

MALT AND CEREAL BEVERAGES IN CHARLOTTE, N. C., DISTRICT

For the reasons set forth in an opinion issued simultaneously herewith, and un-

der the authority vested in the District Director of the Charlotte District Office of Region IV of the Office of Price Administration by General Order No. 50, issued by the Administrator of the Office of Price Administration, and Region IV Revised Delegation Order No. 17, issued May 5, 1944, It is hereby ordered:

SECTION 1. *Purpose of order.* Order No. G-1 under General Order 50 issued by the District Director of the Charlotte District Office of the Office of Price Administration on the 30th day of June 1944, was issued for the purpose of establishing specific maximum prices for malt and cereal beverages, including those commonly known as ale, beer and near-beer, either in containers or on draught when sold or offered for sale at retail by any eating or drinking establishment, either for consumption on the premises or when carried away. Order No. G-1 under General Order 50 is redesignated Order No. G-2 under General Order 50, and is revised and amended as herein set forth and issued for the same purpose and for the further purpose of clarifying and strengthening the order.

SEC. 2. *Geographical applicability.* The provisions of this order extend to all eating and drinking places or establishments located within the limits of the following named counties in the State of North Carolina:

Alexander, Alleghany, Anson, Ashe, Avery, Buncombe, Burke, Cabarrus, Caldwell, Catawba, Cherokee, Clay, Cleveland, Davidson, Davie, Forsyth, Gaston, Graham, Guilford, Haywood, Henderson, Iredell, Jackson, Lincoln, Macon, Madison, McDowell, Mecklenburg, Mitchell, Montgomery, Polk, Randolph, Richmond, Rockingham, Rowan, Rutherford, Stanly, Stokes, Surry, Swain, Transylvania, Union, Watauga, Wilkes, Yadkin and Yancey.

SEC. 3. *Ceiling prices.* (a) On and after August 21, 1944, if you operate an eating or drinking establishment, you may not sell or offer for sale any beverage subject to this order at prices higher than the applicable ceiling prices listed in the appendices hereof. You may, of course, charge lower prices at any time.

(b) If you sell any beverage subject to this order which is not specifically listed herein, and if you believe that the maximum price specified herein for such beverage is not appropriate to such beverage, you may make application to the Charlotte District Office of the Office of Price Administration requesting that such beverage be specifically included in the appendices hereof. With or without such application, the Charlotte District Office of the Office of Price Administration may, at any time, and from time to time, add new or unlisted beverages, brands, types or sizes together with maximum prices for the same to the list set forth in the appendices hereof.

(c) You may not add any taxes to your ceiling prices set forth in the appendices hereof except those specifically provided therein, as all other taxes were taken into consideration in establishing the ceiling prices for each group of sellers.

SEC. 4. *How to figure your ceiling prices.* (a) This order divides eating and drinking establishments into three different groups and gives each group a different ceiling price. The group to

which you belong depends on your legal ceiling prices in effect during the base period of April 4-10, 1943. You must figure the group to which you belong on the basis of your correct legal ceiling prices for that period.

(b) The group to which you belong depends on your legal ceiling prices for the beverages subject to this order in effect during the base period of April 4-10, 1943. If your legal ceiling prices for various brands and types of beverages subject to this order vary so that your ceiling prices on some brands or types seem to place you in one particular group and ceiling prices on others seem to classify you into a different group, you must classify yourself into the particular group representative of the prices at which the greater number of your sales were made. For the purpose of determining your classification as herein provided, no consideration may be given to sales of beverages listed in appendices other than Appendix A hereof. You must figure the group to which you belong as follows:

(1) *Group 1-B.* Your establishment belongs to Group 1-B if, during the base period of April 4-10, 1943, your legally established ceiling prices for beverages subject to this order were the same as, or more than, the prices listed in Appendix A hereof for Group 1-B establishments.

(2) *Group 2-B.* Your establishment belongs to Group 2-B if, during the base period of April 4-10, 1943, your legally established ceiling prices for beverages subject to this order were the same as, or more than, the prices listed in Appendix A hereof for Group 2-B establishments, but were less than those provided in Appendix A for Group 1-B establishments.

(3) *Group 3-B.* Your establishment belongs to Group 3-B if, during the base period of April 4-10, 1943, your legally established ceiling prices for beverages subject to this order were less than the prices listed in Appendix A hereof for Group 2-B establishments. All establishments not in operation during the base period of April 4-10, 1943, and all establishments which begin operating after the effective date of this order also belong to Group 3-B.

(c) If your eating or drinking establishment was not in operation during the base period of April 4-10, 1943, but was in operation prior to the effective date of this order, and, if the nearest similar eating or drinking establishment of the same type is one which is properly classified in Group 1-B or Group 2-B, you may, but not later than the first day of October, 1944, file an application with the Charlotte District Office of the Office of Price Administration, requesting that your establishment be reclassified into the same group to which its nearest similar eating or drinking establishment of the same type belongs. Until your application is acted upon, and unless your establishment is reclassified, it must retain the classification of a Group 3-B seller, and must observe the ceiling prices as provided for that group in the appendices hereof. All such applications for reclassification must contain the following information:

1. Name and address of the establishment and of its owner or owners.

2. A description of the establishment showing its type (such as night club, hotel, restaurant, tavern) and the date it began operating.

3. The selling price by brand name of all beverages sold since the beginning of its operation.

4. The names of the three nearest eating and drinking establishments of the same type, and their group number as determined under this order.

5. Any other information pertinent to such application or which may be requested by the Office of Price Administration.

(d) If your eating and drinking establishment begins operation after the effective date of this order, you are classified as a Group 3-B seller and may not sell or offer for sale beverages subject to this order at prices higher than those set forth for Group 3-B sellers in the appendices hereof. However, if your nearest eating and drinking establishment of the same type is one which is properly classified as a Group 1-B or Group 2-B seller, you may, within and not later than 30 days from the time you began operating, file an application with the Charlotte District Office, requesting that your establishment be reclassified into the same group in which its nearest eating and drinking establishment of the same type belongs. Until your application is acted upon and unless your establishment is reclassified, it must retain the classification of Group 3-B and must observe the ceiling prices as provided for that group in the appendices hereof. All such applications for reclassification must contain the same information required by paragraph (c) of this section.

(e) After you have figured your proper group number under this section and have filed the required statement with your War Price and Rationing Board as provided in Section 5, you may not change your group classification except as otherwise provided by this order.

SEC. 5. Filing with War Price and Rationing Board. (a) When you have figured your proper group under section 4 above, you must, on or before September 15, 1944, file with your War Price and Rationing Board a signed statement with the name and address of your establishment, its type (such as night club, hotel, restaurant, tavern) and the group to which it belongs. Thereupon the War Price and Rationing Board will send you a card bearing your group number. If you begin operating your establishment after the effective date of this order, you must likewise file said signed statement in this manner as soon as you begin operating.

(b) If you are now in operation and have not filed the signed statement showing the group number to which you belong as provided in paragraph (a) above, you must do so immediately. If you have failed to file said signed statement as herein required, you are hereby classified as a Group 3-B seller and you may not sell or offer for sale any beverage subject to this order at prices higher than the applicable ceiling prices listed for Group 3-B sellers in the appendices hereof. Failure to file said signed state-

ment as herein provided is a violation of this order and also subjects you to the other penalties herein provided.

SEC. 6. Modification of prices. After you have determined your group and have put into effect the ceiling prices provided in this order for that group, the Office of Price Administration District Director for the District in which your establishment is located may direct you to charge lower ceiling prices:

(a) If, on the basis of your April 4-10, 1943, legal ceiling prices, this order, properly applied, requires you to be placed into a group with lower ceiling prices.

(b) If, as a result of speculative, unwarranted, or abnormal increases, contrary to the purpose of the Emergency Price Control Act, as amended, your legal ceiling prices on April 4-10, 1943, were excessive in relation to the legal ceiling prices of other comparable establishments in the District.

SEC. 7. Exempt sales. The following sales are exempt from the operation of this order. However, unless they are otherwise exempt from price control, they shall remain subject to the appropriate maximum price regulation or order:

(a) Sales by persons on board common carriers (when operated as such), including railroad dining cars, club cars, bar cars, and buffet cars, or sales otherwise governed by Restaurant Maximum Price Regulation 1 (Dining Car Regulation).

(b) Sales by public and private hospitals insofar as they serve to patients.

(c) Sales by eating cooperatives formed by members of the Armed Forces (as, for example, officers' mess) operated as a non-profit cooperative (where no part of the net earnings inures to the benefit of any individual) which sells food items or meals on a cost basis (or as near thereto as reasonable accounting methods will permit), and substantially all sales of which are made to members of the Armed Forces who are members of the cooperative.

(d) Sales where the beverages subject to this order are included in and sold as part of, a meal and where the price of such beverage is included in the price of the meal. (Such sales remain under Restaurant Maximum Price Regulation 2.)

(e) Sales by the War Department or the Department of Navy of the United States through such Departments' sales stores, including commissaries, ships' stores ashore, and by stores operated as army canteens, post exchanges, or ships' activities.

(f) Bona fide private clubs insofar as such clubs sell only to members or bona fide guests of members. Whenever such clubs sell to persons other than members or bona fide guests of members, such clubs shall be considered for all sales an eating or drinking establishment and subject to this order. No club shall be considered to be exempt as a private club, within the meaning of this subparagraph, unless such club is a non-profit organization and is recognized as such by the Bureau of Internal Revenue and unless its members pay dues (more

than merely nominal in amount), are elected to membership by a governing board, membership committee or other body, and unless it is otherwise operated as a private club.

No club organized after the effective date of this order shall be exempt unless and until it has filed a request for exemption with the District Office of the Office of Price Administration of the area in which it is located, furnishing such information as may be required, and has received a communication from such office authorizing exemption as a private club.

Sec. 8. Evasion. If you are an operator of an eating or drinking establishment, you must not evade the ceiling prices established by this order by any type or scheme or device; among other things (this is not an attempt to list all evasive practices) you must not:

(a) Institute any cover, minimum, bread and butter, service, corkage, entertainment, check-room, parking or other special charges which you did not have in effect on any corresponding day during the seven-day period from April 4-10, 1943, or

(b) Increase any cover, minimum, bread and butter, service, corkage, entertainment, check-room, parking or other special charges which you did have in effect on any corresponding day during the seven-day period from April 4-10, 1943, or

(c) Require as a condition of sale of a beverage the purchase of other items or meals, except that during the hours from 11:30 a. m. to 1:30 p. m. and the hours from 6:00 p. m. to 8:00 p. m., any eating or drinking establishment which derives not less than 70% of its gross revenue from the sales of prepared food items (not including beverage items) sold for consumption on the premises may refuse to sell beverages subject to this order for consumption on the premises during those hours to persons who do not also purchase food items.

Sec. 9. Records and menus. If you are an operator of an eating or drinking establishment subject to this order, you must observe the requirements of General Order 50, as well as Restaurant Maximum Price Regulation No. 2, either as revised and amended or may be revised and amended, with reference to the filing and keeping of menus and the preservation and keeping of customary and future records. Among other provisions of General Order 50, are the following:

(a) Preserve all existing records relating to prices, cost and sales of food items, meals and beverages;

(b) Continue to prepare and maintain such records as have been ordinarily kept;

(c) Keep for examination by the Office of Price Administration two copies of each menu used by the establishment each day, or a daily record in duplicate of the prices charged for food items, beverages and meals. If the establishment has customarily used menus, it must continue to do so.

Sec. 10. Posting of prices. If you are an operator of an eating or drinking

establishment, you must post and keep posted, the ceiling prices of the beverages subject to this order sold by your establishment, either by:

(a) Supplying the customers menus or bills of fare showing the beverages subject to this order which are sold by the establishment; and showing the brand name, quantity and ceiling price of each kind and type of bottled beverage, and the quantity and ceiling price of all beverages sold on draught, or

(b) Posting a sign giving the same information as required on menus or bills of fare by subparagraph (a) above. Such a sign must be posted in the establishment at a place where it can easily be read by the customers. If you prefer you may use a similar sign furnished by the Office of Price Administration.

(c) No establishment which fails to comply with the posting requirements of this section may sell any beverage subject to this order at a higher price than provided for Group 3-B sellers in the appendices hereof during such time as such establishment is not in compliance with this section.

Sec. 11. Posting of group number.

(a) If you operate an eating or drinking establishment selling at retail beverages subject to this order, you must post, and keep posted, in the premises a card or cards clearly visible to all purchasers showing the group number of your establishment as classified under this order. The card must read "OPA-1B", "OPA-2B", or "OPA-3B", whichever is applicable. You may use the card or cards furnished you for this purpose by the War Price and Rationing Board.

(b) No establishment which fails to comply with the posting requirements of this section may sell any beverage subject to this order at a higher price than provided for Group 3-B sellers in the appendices hereof during such time as such establishment is not in compliance with this section.

Sec. 12. Receipts and sales slips. Regardless of whether or not receipts have customarily been issued, upon request by any customer at the time of payment, a receipt containing a full description of the beverage sold and the price of same must be issued. Such receipts must show the date of issue and bear the signature of the person issuing same. If you have customarily issued receipts or sales slips, you may not now discontinue the practice.

Sec. 13. Operation of several places. If you own or operate more than one place selling beverages subject to this order, you must do everything required by this regulation for each place separately.

If your license is suspended, you may not, during the period of suspension, make any sale for which your license has been suspended.

Sec. 16. Relation to other maximum price regulations. This order supersedes the provisions of Maximum Price Regulation No. 259 and the General Maximum Price Regulation insofar as such provisions were applicable to sales at retail by eating and drinking establishments of beverages subject to this order. Sales of beverages subject to this order when sold as part of a meal and when the price of same is included in the price of the meal remain subject to the provisions of Restaurant Maximum Price Regulation 2.

[Spokane Order 2-R Under Restaurant MPR 2]

ALCOHOLIC BEVERAGES IN WASHINGTON

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the District Director of the Spokane, Washington, District Office by Order 3 as amended, under Restaurant Maximum Price Regulation No. 2, and by Regional VIII Order of Delegation No. 71, it is hereby ordered:

SECTION 1. Posting requirements. If you own or operate an eating or drinking establishment offering alcoholic beverages for consumption on the premises, you must on or before April 26, 1945, show on posters to be supplied by the Office of Price Administration, your lowest, lawful ceiling price per drink when the customer does not specify the brand, for each alcoholic beverage listed in section 2 (a) which you offer.

SEC. 2. Preparation of lists. (a) Prepare a list in triplicate showing all of the following alcoholic beverages which you offer, the number of ounces served per drink during the week of April 4-10, 1943, and your lowest, lawful ceiling price per drink for each, when the customer does not specify the brand:

Type	Ounces (net)	Ceiling price (includes tax)
Sherry wine.....		
Port wine.....		
White Port wine.....		
Muscadel wine.....		
Tokay wine.....		
Anglica wine.....		
Loganberry wine.....		
Current wine.....		
Reisling wine.....		
Chablis wine.....		
Burgundy wine.....		
Zinfandel wine.....		
Claret wine.....		
Sauterne wine.....		

(b) Check your prices carefully to make sure they do not exceed your lawful ceiling prices. Under Restaurant Maximum Price Regulation No. 2, your prices in general may not be higher than those you charged during the week of April 4-10, 1943, for the same quantity.

SEC. 3. Preparation of posters. (a) When you have prepared the three copies of the list in accordance with section 2 of this order, copy the items from your list onto the poster.

(b) The list of individual items must be printed in ink on the poster in letters large enough to be easily read by your customers.

(c) You must place the poster in a conspicuous place so that it will be plainly visible to your customers.

SEC. 4. Filing of list of posted prices. You must send or deliver the three copies

of the list to your local War Price and Rationing Board on or before April 26, 1945. Each copy must be clear and legible, dated and signed by the owner or manager of your establishment, with the name and address of your establishment following his signature.

The War Price and Rationing Board shall check the list with your filed ceiling prices. If the prices check, the board shall make a notation to this effect on a copy of the list and return it to you. You shall keep this copy in your establishment and make it available for examination by any person during business hours.

If the prices on your list do not completely check with your filed ceiling prices, the board will call you in for a conference so that corrections may be made.

SEC. 5. Adding items to your poster. You may not sell any alcoholic beverage listed in section 2 (a) unless your lowest, lawful ceiling price per drink for such beverage, when the customer does not specify the brand, appears on your poster. If you wish to add beverages to your poster, you must prepare a supplemental list as set forth in section 2 for the alcoholic beverages you wish to add.

The list must be filed in triplicate with your local War Price and Rationing Board. After you have filed the list you may add the beverages to your poster.

SEC. 6. Replacement of poster. Erasures or changes of prices listed on the poster are prohibited. If you make a mistake in preparing the poster or if the poster is mutilated or becomes badly soiled or otherwise damaged, it must be replaced by a new one which may be obtained from your War Price and Rationing Board upon presentation of the damaged poster. The new poster must be filled out to show the correct item and the correct price for each item which appeared or should have appeared in the original.

SEC. 7. Geographical applicability. The provisions of this order extend to all eating and drinking establishments located in the following areas in the State of Washington: All of Ferry, Douglas, Grant, and Benton Counties, and all portions of said State lying east of any of said counties; also all that portion of Okanogan County lying east of Douglas County, and south and east of a line extending north 45 degrees east from the most northerly point in said Douglas County.

This order shall become effective April 26, 1945.

Issued this 13th day of April 1945.

DAVE S. COHN,
District Director.
